## **PUBLISHER'S NOTE**

Both the value and the limitations of this index will be readily apparent to the user. The publishers have attempted simply to reproduce accurately a manuscript as it stands, with all its vagaries of arrangement and spelling. Duplicate entries have been omitted when they are in fact identical, but they have been retained when they show spelling, date, or name variation, even though they obviously refer to the same marriage. Those interested in resolving the inconsistency of duplicate entries, or in verifying any of the marriages recorded in this index, have the materials before them to undertake a search in the Albemarle Court records for the original marriage bond or license. For comments on both the history of the Albemarle marriage records and for some comment on the nature of the errors arising in the process of their arrangement and copying, the reader is referred to two articles in the *Papers of the Albemarle County Historical Society*, in Vol. 6, p. 4-53 and in Vol. 9, p. 42-75.
